22. Black Studies in the Department of Labor 1897

The Department helped break new ground, but, in a climate of racial strife, suddenly abandoned the black studies effort. By Jonathan Grossman. At the dawn of the 20th century, when 8.5 million blacks constituted about 12 percent of the population of the United States, according to the distinguished black scholar, William Edward Burghardt (W. E. B.) Du Bois, "not a single firstâ€“grade college ..."

23. A Brief History of Labor Race and Solidarity Labor

The story of race and labor in America starts with the treatment of black workers in the South. That region's cultural isolation from, but continuing political and economic influence on the rest of the country continues to this day. When African Americans moved north in the 20th century over the course of two world wars and the Great Depression, they found more personal

24. African Americans and the American Labor Movement

Federal Records and African American History (Summer 1997, Vol. 29, No. 2) By James Gilbert Cassedy The records of the National Archives and Records Administration (NARA) have been, and will remain, indispensable to the study of African American labor history. Thirty NARA record groups (approximately 19,711 cubic feet of documentary material) document the activities of federal

25. Inventing Black and White Facing History and Ourselves

The division in American society between black and white that began in the late 1600s had devastating consequences for African Americans as slavery became an institution that flourished for centuries. Lawyer and civil rights activist Bryan Stevenson explains:

26. Black Workers Remember

Out of self-interest, the white-led unions affiliated with the American Federation of Labor worked hard to exclude blacks from higher-paying jobs. Still, the perversities of Jim Crow are fascinating: By refusing to grant their black employees minimally decent working conditions, many employers faced constant
turnover and other disruptions to ...

27. A century of change the US labor force 1950

the labor force, are projected to increase their share from 5 percent to 11 percent between 2000 and 2050. The Bureau of Labor Statistics (BLS, the Bureau) publishes medium-term, or 10-year, labor force projections every 2 years. The latest ones covered the 2000-10 period. The projections presented in this article provide a longer term ...

28. The 19th Century Labor Movement That Brought Black and

White men occupied the top positions of leadership in the Union Labor Party, but black men participated in party conventions and ran for offices under its banner. So, with the elections of 1888, Arkansas Democrats faced their first serious challenge since the end of Reconstruction, from a biracial coalition that would speak for the working classes.
