15. Comparative Migration Studies

Comparative Migration Studies (CMS) is an international, peer-reviewed open access journal that provides a platform for articles that focus on comparative
research in migration, integration, and race and ethnic relations. It presents readers with an extensive collection of comparative analysis, including studies between countries, groups, levels, and historical periods.

16. Transnational families Crosscountry comparative perspectives

For example, Chinese studies of internal migration and studies of international migration from individual Latin American countries tend to show negative outcomes for parents and children (Heymann et al., 2009; Liu & Ge, 2009), while Southeast Asian and African studies find that there are conditions under which transnational family life does not ...

17. WORLD MIGRATION REPORT 2020

The opinions expressed in the report are those of the authors and do not necessarily reflect the views of the International Organization for Migration (IOM).

18. Migration in southern Africa a comparative perspective

International attention may focus on mistreatment of refugees. Management can be construed as "carrot" or "stick" approaches. Stick approaches include forced repatriation, limiting immigration, housing in survival-level camps, public campaigns run by host countries in sending countries, or greater control of national borders.

19. Family involvement and educational success of the children

However, few, if any, studies systematically explore the importance of family involvement for educational success by children of immigrants from an international comparative perspective. This introduction paper attempts to fill this gap.

20. parative Migration Studies Collections

21. Karen Phalet The Children of Muslim Immigrants in School
Karen Phalet's recent work develops comparative perspectives on school diversity and ethnic inequality and on the religious identities of Muslim immigrant youth in European societies. Her current project studies the interplay of social boundaries in European schools with the social ties and identities of Muslim youth.
